JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Public Health Reports

Treasury Department, United States Marine-Hospital Service. Published in accordance with act of Congress approved February 15, 1893.

VOL. XII. WASHINGTON, D. C., MARCH 26, 1897. No. 13.

UNITED STATES.

[Reports to the Supervising Surgeon-General United States Marine-Hospital Service.]

Yellow fever on the Norwegian bark Homewood.

TORTUGAS, KEY WEST, FLA., *March 10, 1897.*

SIR: I have the honor to report the arrival at this station on the 8th of the Norwegian bark *Homewood* from Rio bound to Pensacola. Two seamen died of yellow fever during the voyage; one was taken sick on the fourth and the other on the seventh day after leaving Rio. The first case died on January 25, the second on February 3. No further outbreak occurred during the voyage, which lasted fifty-one days. The vessel has been held for disinfection.

Respectfully, yours,

L. L. WILLIAMS,
Passed Assistant Surgeon, U. S. M. H. S.

*Smallpox in the United States as reported to the Supervising Surgeon-General United States Marine-Hospital Service, December 29, 1896, to March 26, 1897.**
